Coffee/Grundy County Cattlemen's Association will be hosting a Tennessee Ag Enhancement Program for the area farmers.

The program will include a information session by the Tennessee Department of Agriculture personnel. A presentation will be given about the applications & the application process itself.

Area businesses will be available to provide information about eligible equipment and/or supplies that are covered by the program.

Applications for premises registration will be available on-site.

A BQA course required for applying for the program will be offered to any farmers that need to be certified.

Refreshments will be served.
